From the desk of Chairman

Dear Fellow Shareholders,

I will start with recording my deep condolence on record for the colleagues we have lost in Covid-19 battle last year. The past year has been a particularly challenging one for India and its people. The COVID-19 pandemic has disrupted lives across all countries and communities and negatively affected global economic growth in 2020 beyond anything experienced in nearly a century.

In line with the global economy, India witnessed major economic disruptions in Financial Year 2020-21, as the outbreak of COVID-19 perversely impacted human health and safety of the country's inhabitants. The informal sector, where the vast majority of India's labour force is employed, has been particularly affected. As in most countries, the pandemic has exacerbated vulnerabilities for traditionally excluded groups, such as youth, women, and migrants.

It has been a time of significant upheaval and a test of resilience. Yet, it led us to adapt, re-orient and accelerate learning while keeping the safety of our employees and business ecosystem, at the forefront.

Now, I would like to present to you the Annual Report FY 2020-21 of the Company.

Indian Economy: *Prolonged lockdown exacerbated existing vulnerabilities of the country including the weakened financial sector, private investments, liquidity constraints and consumption demand. Mobility restrictions and social distancing led to unparalleled supply-chain disruptions and consumer demand fallout. This forced the Indian GDP to contract by 8.0% in FY 2020-21 as against a growth of 4.0% in FY 2019-20, marking a recession since 1980.*

After a contraction in FY 2021, it is expected that the economy to grow at a modest pace in the first half of FY 2022. Growth is projected to reach 11.7% in FY 2022 in our baseline scenario. That said, slow recovery in a couple of quarters will likely have an impact on next year's numbers as well. In FY 2023, growth of 6.9% is foreseen.

Impact on our business:

Katha Division: *IWP is an established and dominant player in India's Katha Industry holding position of market leader. The last financial year FY2021 has witnessed a turbulent time affecting industries across segment, your Company also cautiously managed its operations. IWP Katha division has*

witnessed significant challenges in terms of the cost of raw material, production results and revenue growth during the FY2021.

During the FY2021, Company's manufacturing unit of Katha & Cutch in union territory of Jammu & Kashmir, has successfully started commercial production w.e.f. June 27, 2020 and the unit has achieved 90% capacity utilization in August, 2020.

Spice Division: IWP's Spices is now being the one of the most preferred spices in the markets it operates. Presently, IWP Spices are available in the State of Uttar Pradesh, Assam, Delhi NCR. The IWP Spice's demand is growing rapidly. We constantly strive to keep ahead of the value chain so that we are able to meet the constantly evolving needs of our end customers.

During the FY2021, your company has successfully launched new packaged food & spices namely Fusili Pasta, Marconi Pasta, Ginger Garlic Paste, Sabut Garam Masala, Mixed Pickle, Green Chilli and Mango Pickle in various SKU in the State of Uttar Pradesh, NCR and Haryana. The products are well accepted by consumption segment customers in semi urban and rural areas. Along with this, your company had also launched a new product "SHAKTI KAVACH" an immunity booster which is mixture of exotic natural Spices blended carefully to enhance human immunity. Your Company has ensured that we are constantly on our toes to work on innovate new product categories to provide simple yet tangible benefits to end consumers.

The operational and financial highlights are:

- ◆ Achieved sales volume of 13,034.26 MT Katha in FY 2021 as compared to 17,378.53 MT in FY 2020;
- ◆ Sales of Cutch (by-product) increased from 433.96 MT in FY2020 to 466.34 MT in FY2021;
- ◆ Spice Division recorded a turnover of Rs.1,283.46 lakhs in FY2021 as compared to Rs.1093.40 lakhs in FY2020;
- ◆ Capacity utilisation in Katha manufacturing 75%

The COVID-19 pandemic, while completely changing the way we live and do business, has also given us an opportunity to be innovative in our approach. While we continue to drive productivity and implement safety measures, we will focus on innovation led growth to weather this crisis which is bound to have a lasting impact on all of us. I would like to express my gratitude to all our employees, especially those in frontline roles who have worked tirelessly to grow the business and ensure our products reach consumers across markets. I would also like to thank all our shareholders for their continued support and faith in IWP

We firmly believe that employees are our biggest assets. Their safety and good health has been my top priority during these tough times. Given the scale and nature of the challenges posed by the pandemic, we have put in place several initiatives for the safety and wellbeing of our people through the course of the year.

We continue to invest lot of time and resources on R&D initiatives so that we are always ahead of the curve. Moreover, specially in case of our industry R&D is most critical where we continue to face unfair competition from the unorganised segment. We are very confident that within H2 of FY22 we would be launching value added katha from our Bareilly plant.

At the end, I want to express my deepest gratitude to doctors, health workers and each and every individual who are fighting battle against COVID-19. I am determined that we all will come out as a winner out of these challenging times.

With these, I thank everyone for continued trust and support in IWP.

BOARD'S REPORT

FY2021 represents fiscal year 2020-21, from 1 April 2020 to 31 March 2021, and analogously for FY2020 and previously such labeled years.

Dear Shareholders,

The Board of Directors are pleased to present the 101st Annual Report of The Indian Wood Products Co. Ltd. (IWP / the Company), together with Audited Financial Statements for the Financial Year ended March 31, 2021.

1. FINANCIAL HIGHLIGHTS/PERFORMANCE OF THE COMPANY

Key financial performances of the Company for the FY2021 are as under:

(₹ in Lakhs)

Particulars	Standalone		Consolidated	
	FY2021	FY2020	FY2021	FY2020

2. COVID-19

In fiscal 2020, when the COVID-19 pandemic first broke, IWP swiftly reacted by providing the required support to the workforce, customers and the community. We have also provided medical assistance and financial support to the Covid patient in Kolkata, where our corporate office is situated. We monitored the situation closely and ensured that the government guidelines for pandemic are followed. We have taken all necessary steps quickly to restore normalcy of operations. We ensured the physical safety and mental wellbeing of our workforce during the pandemic.

Today, ~25% of IWP employees continue to work from home. With a more virulent surge of the pandemic in India, IWP has taken all possible steps to protect its employees from the possible contract of covid-19. All medical treatments for COVID-19 are covered under employee insurance, and employees who have contacted it are allowed 21 days of additional paid leave to recuperate. Employee wellbeing checks are conducted frequently. In the event of an unfortunate turn, IWP offers support to the grieving family, including financial support.

Comprehending the importance of the role played by vaccines in our fight against the virus, we have been working very closely with government authorities and medical experts to put together various frameworks for the immunization drive to encourage employees and their family members to get vaccinated.

In view of the lockdown due to the first wave of COVID-19 pandemic, manufacturing operations of the Company across all its locations were suspended temporarily during March 20 to May 20. Though production started with limited resources in compliance with the directives/orders issued by the relevant authorities, the financial results for the year ended March 31, 2021 were impacted by disruptions owing to COVID 19. The Company has taken all the necessary steps and precautionary measures to ensure smooth functioning of its operations and to ensure the safety and well-being of all its employees. Given the criticalities associated with nature, condition and duration of COVID-19, the impact assessment on the Company's financial statements will be continuously made and provided for as required.

3. DIVIDEND

Considering the uncertainty caused by COVID-19, the Board of Directors recommends a final dividend of Re.0.10 (Paisa Ten) per equity shares, i.e., 5% on the paid-up value of the equity shares for the Financial Year ended 31 March 2021, out of free reserves / retained earnings. Dividend is subject to approval of shareholders at the ensuing Annual General Meeting (AGM) and shall be subject to deduction of income tax at source. The dividend, if approved at the ensuing 101st AGM, will be paid to those shareholders whose names appear on the register of members of the Company as on 21 September, 2021.

4. SHARE CAPITAL

There is no Change in the Share Capital of Company during FY2021. The paid-up Share Capital of the Company as on 31 March, 2021 comprises of 6,39,72,720 Equity shares of Rs. 2/- each. During the year under review, the Company has not issued any shares.

5. TRANSFER TO RESERVES

Your Directors do not propose to transfer any amount to Reserves.

6. REVIEW OF OPERATIONS AND STATE OF AFFAIRS

IWP, one of the leading manufacturers of premium Katha in India, leading Katha industry for more than 100 years. The Financial Year 2021 has witnessed a turbulent time effecting industries across segment, your Company also cautiously managed its operations. IWP Katha division has witnessed significant challenges in terms of the cost of raw material, production results and revenue growth during the FY2021.

During the FY2021, Company's manufacturing unit of Katha & Cutch in Union Territory of Jammu & Kashmir, has successfully started commercial production w.e.f. June 27, 2020 and the unit has achieved 90% capacity utilization in August, 2020.

During the year under review, the Company has achieved sales volume of 13,034.26 MT Katha as compared to 17,378.53 MT in FY 2020 during the turbulence time. However the sales of Cutch (by-product) increased from 433.96 MT in FY2020 to 466.34 MT in FY2021, thereby registering a growth of 7.5%. The decline in the sale volume is on account of nationwide lockdown and complete suspension of economic activities during the first quarter. This has also resulted in lower demand for our products

and lower price realization of Katha. The Company has faced significant challenges in getting adequate supply of the quality raw material. The price of the raw material has also been higher during FY2021.

The Company has recorded turnover of Rs 15790.36 Lakhs in FY2021, as compared with Rs. 19491.15 Lakhs in FY2020. IWP, with its focus and continuous monitoring of situation, has been able to achieve desired results coupled with sustained production levels. The trend is likely to continue and we are hopeful to have a better operational and financial performance with the revival of overall economy during the FY 2022.

The IWP's Spices is now being the one of the most preferred spices in the markets it operates. Presently, IWP Spices are available in the State of Uttar Pradesh, Assam, , Delhi NCR. The IWP Spice's demand is growing rapidly, however, the Company is facing stiff competition from the established brands. The Spice Division has recorded a turnover of Rs 1,283.46 lakhs in FY2021 as compared to Rs. 1,093.40 lakhs in FY2020, thereby registering a healthy growth of 14.81%. Spice Division is growing rapidly, but due to initial period of brand awareness and with various sales promotion activities, this division is still incurring losses. We are taking appropriate steps to achieve breakeven in upcoming quarters.

Our Company is committed to a clean environment and, thus, always strives to ensure the best measures are implanted to ensure environmental safety. The best of environment, safety and pollution control measures are implemented across all our manufacturing units and that the measures adopted are adequate. The management continuously reviews the measures adopted and their efficiency to ensure environmental safety.

The operational performance and results are provided in "**Management Discussion and Analysis Report**" as a separate section in this Annual Report.

7. DETAILS OF SIGNIFICANT AND MATERIAL ORDERS PASSED BY THE REGULATORS OR COURTS OR TRIBUNALS

No significant and material orders have been passed by the Regulators, Courts, or Tribunals impacting the going concern status of the Company and its operation in the future.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNINGS & OUTGO ETC.

Information on conservation of Energy Technology absorption, Foreign Exchange and outgo as required to be disclosed U/s. 134 of the Companies Act, 2013 read with Companies (Accounts) Rule, 2014

A. CONSERVATION OF ENERGY

(i)	The Step taken or impact on energy conservation	Energy Conservation continues to be the top priority at all level. The Company ensures use of energy efficient equipments and appliance in operations to conserve energy.
(ii)	The Step taken by the Company for utilizing alternate source of Energy	The Company had been utilizing spent wooden chips and spent Cashew Husk along with waste chips of popular/Eucalyptus in place of Coal.
(iii)	The Capital Investment on Energy Conservation Equipments	The Company has installed improved Refrigeration System in our manufacturing process. This has resulted saving in energy as well as quality improvement of our products, improved cooling and energy saving. Company has replaced some of Frozen Cooling Unit to Ammonia Cooling Unit.

B. TECHNOLOGY ABSORPTION

(i)	The efforts made towards technology absorption	Updation of technology is a continuous process. Company is continuously adopting and implementing new and upgraded technology in operations		
(ii)	the benefits derived like product improvement, cost reduction, product development or import substitution	The use of improved technology resulted in improvement in quality of Katha, lower operation losses, cost saving and higher productivity.		
(iii)	In case of imported technology (imported during the last three years reckoned from the beginning of the financial year)	No technology imported.		
(iv)	Expenditure incurred on Research & Development	2020-21 (Rs)	2019-20 (Rs)

MANAGEMENT DISCUSSION & ANALYSIS

FY2021 represents fiscal year 2020-21, from 1 April 2020 to 31 March 2021, and analogously for FY2020 and previously such labeled years.

Global Economic

The COVID-19 viral pandemic continues to be a highly personal, individual experience that is also an unprecedented globally-shared phenomenon with wide-ranging repercussions. The pandemic has disrupted lives across all countries and communities and negatively affected global economic growth in 2020 beyond anything experienced in nearly a century. Estimates indicate the virus reduced global economic growth in 2020 to an annualized rate of -3.4% to -7.6%, with a recovery of 4.2% to 5.6% projected for 2021. Global trade is estimated to have fallen by 5.3% in 2020, but is projected to grow by 8.0% in 2021. According to a consensus of forecasts, the economic downturn in 2020 was not as negative as initially estimated, due in part to the fiscal and monetary policies governments adopted in 2020. Generally, economic growth forecasts captured the decline and subsequent rebound in economic growth over the second and third quarters of 2020, but have been challenged since by the prolonged nature of the health crisis and its continuing impact on the global economy.

The U.S. and European economies experienced the beginnings of a recovery in the third quarter of 2020 with the U.S. economy growing by 33.4%, or at an annual rate of 5.0%, largely matching an equally sharp decline in growth in the second quarter. The Euro zone economy grew by 12.5% during the quarter and -7.4% at an annual rate. During the third quarter of 2020, however, the recovery was weakened by renewed quarantines and business lockdowns in response to a resurgence of infectious cases and the emergence of more contagious variants of the virus that began in September. The annual U.S. economic growth rate slipped to -3.5% in 2020, but was estimated to have grown at an annualized rate of growth of 6.4% during the first quarter of 2021.

Through various key economic and financial indicators

had rebounded from the depths of the pandemic-related economic recession, although not all parts of the global economy had recovered to the levels that preceded the COVID-19 pandemic. Over the long run, however, damage to labour markets could be more problematic with a large share of the labour force unable to return to pre-pandemic jobs. In some cases, workers who were unemployed during the crisis reportedly are reconsidered returning to their previous jobs and exploring other options, which potentially could affect the pace of the economic recovery. Similarly, economies could face long-term costs as a result of children who were held out of in-person education for over a year that could result in lower academic performance and graduation rates and delayed entry into the labour market.

In a report prepared for the January 25-29, 2021, World Economic Forum, the International Labour Organization (ILO) estimated that 93% of the world's workers at that time were living under some form of workplace restrictions as a result of the global pandemic and that 8.8% of global working hours were lost in 2020 relative to the fourth quarter of 2019, an amount equivalent to 255 million full-time jobs. The ILO estimated that the loss in working hours was comprised of (1) workers who were unemployed, but actively seeking employment, (2) workers who were employed, but had their working hours reduced, and (3) workers who were unemployed and not actively seeking employment. Based on this approach, the ILO estimated that unemployment globally was equivalent to 0.9% of total working hours lost in 2020, while inactivity and reduced hours accounted for 7.9% of total working hours lost.

According to the April 2021 World Economic Outlook prepared by the International Monetary Fund (IMF), the global economy is projected to experience a stronger recovery in 2021 and 2022 than indicated in previous forecasts, with global growth projected to increase at a rate of 6% in 2021 and 4.4% in 2022. The IMF also concluded the global economic recovery would occur at different speeds across and within individual countries,

reflecting differences in the pace of vaccinations, the extent of policy support, and various structural conditions, such as the role of tourism in the economy. Within countries, the employment and earnings of youth, women, and the relatively lower-skilled workers has been affected the most.

In addition to the asynchronous recovery, the IMF concluded that support provided by central banks may have unintended consequences of supporting equity valuations that at times are misaligned with their model-estimated fundamentals and by increasing financial risks overall that could become problematic should interest rates start rising.

The IMF urged G-20 leaders to maintain monetary and fiscal policies to lessen the economic impact of the global recession. In particular, the IMF recommended a combination of accommodative monetary policies characterized by low interest rates and central bank programs to facilitate credit availability, a continuation of fiscal support for individuals and firms, and engagement in a synchronized infrastructure investment program to promote growth. According to an IMF analysis, all other things being equal, an increase in infrastructure spending by G-20 countries of one-half percent of their GDP in 2021 and 1% in 2022 through 2025 would increase global GDP by 2% in 2025, compared with under 1.2% growth for an unsynchronized approach.

Indian Economic

In line with the global economy, India witnessed major economic disruptions in Financial Year 2020-21, as the outbreak of COVID-19 perversely impacted human health and safety of the country's inhabitants. This prompted the government to undertake one of the world's tightest lockdowns, bringing manufacturing and trade activities to a screeching halt. Prolonged lockdown exacerbated existing vulnerabilities of the country including the weakened financial sector, private investments, liquidity constraints and consumption demand. Mobility restrictions and social distancing led to unparalleled supply-chain disruptions and consumer demand fallout. This forced the Indian GDP to contract

by 8.0% in FY 2020-21 as against a growth of 4.0% in FY 2019-20, marking a recession since 1980.

After March 25, 2020, when a national lockdown was implemented, economic activity slowed sharply. As a result, output fell by a whopping 25 percent (year on year) between April and June, the first quarter of the FY2021 fiscal year.

The informal sector, where the vast majority of India's labour force is employed, has been particularly affected. As in most countries, the pandemic has exacerbated vulnerabilities for traditionally excluded groups, such as youth, women, and migrants.

After the 2020 huge GDP contraction, economic growth is projected to bounce back in 2021, driven by pent up demand for consumer and investment goods, before declining in 2022. The dramatic infections upsurge since February has weakened the nascent recovery and may compound financial woes of corporate and banks. As public anxiety over the virus spreads and lockdowns multiply, high-frequency indicators suggest that a marked slowdown may have taken place in the April-June quarter, although the overall annual impact is likely to be muted. Wholesale and retail inflation rates remain elevated, but within the target range of the central bank.

After a contraction in FY 2021, it is expected that the economy to grow at a modest pace in the first half of FY 2022. Growth is projected to reach 11.7% in FY 2022 in our baseline scenario. That said, slow recovery in a couple of quarters will likely have an impact on next year's numbers as well. In FY 2023, growth of 6.9% is foreseen. In addition to the low base effect in FY 2021 and Milton Friedman's plucking theory playing out, it is believed five drivers will steer growth over the next two years:

- ◆ The rapid pace of vaccination and low death rates despite high infection
- ◆ Strong growth in private investment, and its rebound stimulated by reforms and schemes
- ◆ Pent-up demand backed by savings made by high- and mid-income consumers who are waiting to spend
- ◆ Fiscal spending on building assets and infrastructure

(that have a high multiplier effect on income, jobs, and private investments) that will likely start gaining momentum on the ground

- ◆ Global economic rebound in late 2021, especially driven by the United States, as predicted by our US economists

Indian Katha Industry

The root of usages of Katha in India goes back to ancient time. Katha was in use even before Morya Dynasty as Ayurvedic medicine. However, initial the manufacturing of Katha was carried by unorganized sector. Only in British era manufacturing of Katha with scientific method started. However, unorganized sector is still in operation and leads in the industry with maximum share. The size of the Katha industry (B to B) is about 2000 crores p.a. with the organized segment being approx. 30%. It has also been estimated that the (B to C) Katha market is approx. 2500 crores per annum, which is mainly consumption in Paan etc. Katha is obtained by crystallization in cold from the water extractives of the heartwood of Acacia Catechu, commonly known as Khair tree. Acacia Catechu is widely distributed in India, from the northwest plains to eastwards in Assam and throughout the country, particularly in drier and deciduous regions. The process of Katha making is a long and arduous process, which takes upto 45 days. Each step in the production process is closely monitored and proper climatic conditions are maintained for optimum colour and quality. Katha (Catechu) is one of the principal ingredients used in the preparation of PAAN from betel leaves, for chewing purposes when, in combination with lime, it gives the characteristic red coloration. With the advent of Paan-Masala and its ever-growing popularity among masses, the usages of katha have increased many folds during the last 4 decades. Katha is extracted from Khair tree and while producing Katha Cutch is also produced as bio-product Acacia is the botanical name of this tree and it has different varieties like Acacia Sundra, Acacia Catechuoides & Acacia Catechu. These species of tree are mainly concentrated in Uttarakhand, U.P, Assam, Gujarat, Maharashtra, J&K, Punjab and Himachal Pradesh. Katha manufacturing is an important forest-based traditional industry in India.

Katha is being produced in the country since long and it is a mass consumption item as it is used in preparation of paan all over the country. Katha has also got medicinal values as well and is used in ayurvedic preparations as it cures itching, indigestion and is effective in skin disorder, ulcer, boils, piles, throat diseases and diabetic Therapy etc. On the other hand, catch has various industrial applications. It is one of the important sources of vegetable tanning materials, used extensively as an additive to the drilling mud used for oil drilling and for preservation of sailing rods, fishing nets, mail bags etc. Thus, both products are versatile with varied application.

The demand for Premium quality Katha is growing significantly with consumer's disposable income on a steady rise. Our company continues to be leading player in Katha industry.

The restriction on the movement on the goods and labour crisis caused by the national lockdown implemented on March 25, 2020, resulted in economic activity slowed sharply. As Katha industry mostly dominated by the unorganized section had been hit significantly. The first quarter witnessed surge in stock of finished goods resulting in the sharp fall in price realization and excess supply. In the third quarter with the ease in restrictions, the market started recovering and production and Demand got better but not to the pre Covid level. In FY2022, the price and supply is expected to be improve by 2nd half once situation normalizes post 2nd Covid wave.

Indian Spice Industry

Indian spices have a rich legacy. They have been in great demand since the 12th century. Even before the Christian era, the Greek merchants flooded the markets of south India to buy spices, which were considered a luxury item. The Indian spices were the main lure for crusaders during their expeditions to the country. India being the home of spices, boasts a long history of trading with the ancient civilizations of Rome and China.

Today in the present era Indian spices are the most sought-after globally, given their exquisite aroma, texture, taste and medicinal value. India has the largest domestic market for spices in the world. Traditionally, spices in India have been grown in small land holdings,

with organic farming gaining prominence in recent times. India is the world's largest producer, consumer and exporter of spices; the country produces about 75 of the 109 varieties listed by the International Organization for Standardization (ISO) and accounts for half of the global trading in spices.

India has the largest domestic market of spices in the world. Indian spices include a variety of spices grown across the Indian subcontinent (a sub-region of South Asia). With different climates in different parts of the country, India produces a variety of spices, many of which are native to the subcontinent. Others were imported from similar climates and have since been cultivated locally for centuries. Pepper, turmeric, cardamom, and cumin are some example of Indian spices. Spices are used for different religious ceremonies and in medicines apart from cooking in India. Spices are the most rapidly growing category in food and demand for spices with high quality, safely packaged and containing natural colours is expanding robustly. The increasing demand for innovative flavors, authentic cuisines, and ethnic tastes in foods and snacks is augmenting the market for spices in India. Additionally, a significant growth in the food processing industry along with hectic work schedules and sedentary lifestyles of the consumers are also propelling the demand for convenient food options. As a result, the growing utilization of spices in processed and ready-to-eat food products is further driving the market growth in the country. Apart from this, the expanding HoReCa sector in India is also bolstering the market growth. Moreover, the increasing penetration of western food trends is further catalyzing the demand for a variety of newer spices. Additionally, the Indian government has introduced stringent regulations to curb the adulteration of spices, thereby inducing the production of safer product variants. Furthermore, the rising consumer concerns towards the negative health impact of synthetic additives in spices are augmenting the demand for natural and organic spices in the country. Looking forward, IMARC Group expects the India spices market to continue its strong growth during the next five years

The market is largely unorganized and the branded segment makes up about 15%. The branded market

is dominated by players such as MTR, MDH, Catch, Everest, Ramdev etc. Recently, Tata Chemicals has launched its spices brand Tata Sampann Spices. The old culture of buying loose spices and grinding them in old fashioned equipment called "Chakki" is still dominant, But its reducing Year on Year which opens up the market to organized players .

The year 2020 has turned out to be a challenging one for spices. The price data of top four exchanged-traded spices including cumin seed (jeera), coriander (dhaniya), turmeric and cardamom indicate a sharp fall in the range 8 per cent to as high as 56 per cent during the year making the complex the worst performing agri-commodity segment this year.

The reasons for the spice crops losing their flavour are many including changed trade dynamics hurt spices. The bulk investors or stockiest kept their inventories low due to uncertainties caused by the pandemic. The prices of spices took a hit because of poor demand. The market was well-supplied all through this year as the previous monsoon was also good. But as the Covid-19 hit the world, demand took a beating. Because of the economic and business uncertainty, investors and financial players were absent from the market. No buyer was willing to hold the stock, and as a result demand took a hit and impacted prices.

The world's spices sector, with its value chain stretching from the main production hubs in developing countries to the international spice trade network spread across the world, has also been severely affected by the pandemic. Some of the main challenges that the sector faces are:

- Raw material shortages: Many of the locations in developing countries across the world which are major production hubs for spices have been severely affected, causing raw material shortages to the spice industry.
- Labour shortages: In the wake of the lockdown measures implemented by national governments to curb the spread of the virus, there have been labour shortages caused by the migration of the workforce.
- Infrastructure and support structure disruptions: The preventive measures implemented for COVID-19

have meant that many key government offices in the trade support structure are understaffed, resulting in government approvals getting delayed, and completion of physical documentation posing problems, etc.

- Ensuring quality of products: The control measures have reduced the availability of third-party laboratories for testing product / raw material quality and safety, and small-scale production units without their own in-house testing facilities are finding this challenges.
- Marketing issues: Primary producers across the world have been hit by withdrawal of marketing facilities due to lockdown measures, like suspension of auctions, closing wholesale markets etc. For export business, COVID-19 has posed challenges with additional border controls and established export supply lines being disrupted.
- Economic situation: Although the entire sector has been hit by the economic disruptions, the small-scale spice producers and processors will be most severely affected.

The stakeholders in the spice sector spread across the world are waking up to fact that the post-COVID period will have new rules of operation that have emerged naturally out of the chaos caused by the pandemic. Like in all other sectors, leveraging technology and introducing procedural changes will be key to adjusting the operations to these new rules

With the revival of operation and growing demand, it is expected that the demand and price will recover.

Operations

Katha

Our company is a strong player in the organized section of Katha Industry in India with a market share of approx. 35~38%. Post launch of GST and E-Way bill, the market share of the unorganized sector was expected to shrink drastically, but unfortunately still rampant tax evasion continues. But we remain hopeful in the coming financial year the implementation would improve. We also expect our market share to further increase in the coming years in view of the new plant in J&K now in operations.

The Catechin extraction unit set up in Indonesia through our Joint Venture Company in Singapore is fully operational and 100% of the Catechin extraction is imported in India and used in the production of the Katha by the Company. Moreover efforts are being made to debottleneck and increase capacity by minimum 50% within Quarter 4 of FY22.

Achieving ultimate customer satisfaction is the prime outlook of the Company. To materialize this, the organization has adopted stringent quality control tests from intermediate stages of input of raw materials till output of finished products. To achieve this, we have qualified team of 20 engineers & chemists who monitor the operation and the quality.

We are well equipped with laboratory facilities and modern equipments such as HPTLC, GLC, Polarimeters, TLC, Spectrophotometer, Moisture meter, Hygrosopes besides Kjeldahl extractor etc.

The Company also owns a research lab having plant & equipments for Pilot Plant scale research for improving quality & research.

The financial year FY2021 has witnessed a turbulent time effecting industries across segment, your Company also cautiously managed its operations. IWP Katha division has witnessed significant challenges in terms of the cost of raw material, production results and revenue growth during the FY2021.

During the FY2021, Company's manufacturing unit of Katha & Cutch in union territory of Jammu & Kashmir, has successfully started commercial production w.e.f. June 27, 2020 and the unit has achieved 90% capacity utilization in August, 2020.

During the year under review, the Company has achieved sales volume of 13,034.26 MT Katha in FY 2021 as compared to 17,378.53 MT in FY 2020. However the sales of Cutch (by-product) increased from 433.96 MT in FY2020 to 466.34 MT in FY2021. The decline in the sale volume is on account of nationwide lockdown and complete suspension of economic activities during the first quarter. This has also resulted in lower demand for our products and lower price realization of Katha. The

Company has faced significant challenges in getting adequate supply of the quality raw material. The price of the raw material has also been higher during FY2021.

Spices

The IWP's Spices is now being the one of the most preferred spices in the markets it operates. Presently, IWP Spices are available in the State of Uttar Pradesh, Assam,, Delhi NCR. The IWP Spice's demand is growing rapidly, however, the Company is facing stiff competition from the established brands. The strong brand awareness of IWP Katha amongst the distributors, super stockiest of spices including Kirana, has edged the Company to venture successfully into the Spice segment.

The Company is focused on the mass consumption segment customers and customers who are moving from buying higher quantity of raw spices to packed spices on a weekly basis. The Company's spices have been well accepted by the customers. The Company in order to build its brand is trying to capitalize on the existing retailer and distributor network and planning to launch other categories of packaged food in the current financial year.

Our Company is using highly advanced technologies and our packaging units maintain the FSSAI standard. For considerable production, the high capacity machines are engaged. The machines are user-friendly and do not affect the production efficacy. One of the equipment is used to produce superior quality spices and is used as colour and size detector

The Spice Division has recorded a turnover of Rs 1,283.46 lakhs in FY2021 as compared to Rs.1093.40 lakhs in FY2020, thereby registering a healthy growth of 14.81%. Spice Division is growing rapidly, but due to initial period of brand awareness and with various sales promotion activities, this division is still incurring losses. The management is taking appropriate steps to achieve breakeven in upcoming quarters.

Opportunities:

- Growing and untapped market
- Absence of large player in organized Katha Industry

- Largely unorganized market of Spices with only ~15% market share held by branded players
- Strong acceptability of IWP brand amongst the mass consumption segment customers
- Strong demand for the small packet spices in the mass consumption segment customers with lower disposable income

Threats:

- Impact of Covid-19 Pandemic
- Growing competition from the other similar manufacturers in informal sector
- Changes in Government Policy
- Strong presence of large branded spices manufacturers

Future Outlook

- Increasing demand for Premium quality Katha
- Increasing awareness amongst the consumers about the quality of packed spice leading to growing demand for branded packed spices.
- Market expansion of IWP Spices by introducing other product categories.

Financial and operational Performance:

Production Performance:

At present, the Company has two business segments viz. Katha and Spices. Our Company is one of the leading manufacturers of Katha in India. Our company has recorded total revenue from operation of Rs. 13032.31 Lakhs, being 82.78 % of the total turnover from the sale of Katha and Rs. 1143.00 Lakhs being 7.26% of the total turnover from Spices.

During FY20-21, the Company has produced 3210.8 MT of Katha as compared to 3934.837 MT in FY 19-20.

Risks and Concern

Risk and its Management: Risk accompanies prospects. As a responsible corporate, it is the endeavor of the management to minimize the risks inherent in the business with the view to maximize returns from business situations.

The architecture: At the heart of the Company's risk mitigation strategy is a comprehensive and integrated risk management framework that comprises prudential norms, structured reporting and control. This approach ensures that the risk management discipline is centrally initiated by the senior management but prudently decentralized across the organization, percolating to managers at various organizational levels helping them mitigate risks at the transactional level.

The discipline: The Company has clearly identified and segregated its risks into separate components, namely operational, financial, strategic and growth execution. All the identified risks are inter-linked with the Annual Business Plans of the Company, so as to facilitate Company-wide reviews.

The review: A Risk Management Committee of the Board of Directors, comprising Board Members, has been constituted to review periodically updates on identified

risks, implementation of mitigation plans and adequacy thereof, identification of new risk areas etc.

The Board of Directors also reviews the Risk identification process and mitigation plans regularly. A senior executive has been entrusted at all the levels of business operation in the Company whose role is not only to identify the Risk but also to educate about the identified risk and to develop Risk Management culture within the business.

Key counter measures: The Company has institutionalized certain risk mitigation procedures outline as under:

- Roles and responsibilities of the various entities in relation to risk management have been clearly laid down. A range of responsibilities, from the strategic to the operational, is specified therein. These role definitions, inter alia, are aimed at ensuring formulation of appropriate risk management policies and procedures, their effective implementation, independent monitoring and reporting by internal audit.
- Appropriate structures are in place to proactively monitor and manage the inherent risks in businesses with proper risk profiling.
- Wherever possible and necessary, appropriate insurance cover is taken for financial risk mitigation. Confirmation of compliance with applicable statutory requirements are obtained from the respective unit/divisions and subjected to an elaborate verification process.
- Quarterly reports on statutory compliances, duly certified, are submitted to the Audit Committee as well as the Board of Directors for review.
- Status of Demand/Notices on the Company, under various Acts and Rules, as well as status of litigations are reported to the Board of Directors every quarter.

Internal Control Systems

The Company has both external and internal audit systems in place. Auditors have access to all records and information of the Company. The Board recognizes the work of the auditors as an independent check on the information received from the management on the operations and performance of the Company. The Board

and the management periodically review the findings and recommendations of the statutory and internal auditors and takes corrective actions whenever necessary.

The Company maintains a system of internal controls designed to provide reasonable assurance regarding:

- Effectiveness and efficiency of operations.
- Adequacy of safeguards for assets.
- Reliability of financial controls.
- Compliance with applicable laws and regulations.

INDEPENDENT AUDITORS' REPORT

To The Members of
The Indian Wood Products Co Ltd

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of **The Indian Wood Products Co. Ltd.** ("the Company"), which comprise the standalone balance sheet as at 31st March 2021, and the statement of Profit and Loss, statement of changes in equity and statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2021, and its profit, total comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of

the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to Note 49 to the standalone financial statement, which describes the uncertainties and potential impact of the Covid-19 pandemic of the Company's operation and results as assessed by the management. The actual results may differ from such estimates depending upon future developments. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters ('KAM') are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The Key Audit Matters	Auditors response
<p>Revenue From Sale of Goods</p> <p>The Company recognizes revenue when control of the goods is transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods. As described</p>	<p>Our audit procedure includes the following:</p> <ul style="list-style-type: none"> ● Considered the adequacy of the company's revenue recognition policy and its compliance in terms of Ind AS 115 "Revenue from contracts with customers"

in the accounting policy in note 2(f) and as reflected in note 27 to the Ind AS Standalone financial statements, revenue from sale of goods is measured at fair value of the consideration received or receivable, net of returns and allowances and trade discounts.

Considering the judgment and estimates involved in revenue recognition, it is considered to be a key audit matter.

- Assessed the design and tested the operating effectiveness of the internal financial controls related to revenue recognition.
- Performed sample tests of individual sales transaction and traced to sales invoices and other related documents. In respect of the samples selected, tested and the revenue has been recognized in accordance with Ind AS 115.
- We discussed and obtained an understanding from the management on the key assumptions applied and inputs used in estimating provisions for discounts, sales incentives and sales returns and compared the same with the past trends and the provision made by the management.

Assessed the relevant disclosure made in the standalone Ind AS financial statement.

We have determined that there are no other key audit matters to communicate in our report.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Company's annual report but does not include the standalone financial statements and our auditors' report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management and Those Charged with Governance for Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that

give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism through out the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure "B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those book.
- (c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss including Other Comprehensive Income, the Standalone Cash Flow Statement and the Standalone Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid Standalone Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act read with relevant rules issued thereunder.
- (e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- (g) With respect to the matter to be included in the Auditor's Report under section 197(16)

In our opinion and according to the information and explanation given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under section 197 (16) which are required to be commented upon by us.

 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its Standalone Financial Statements – Refer Note No.- 48
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring the amounts required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Subsection 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of The Indian Wood Products Co Ltd (“the Company”) as of March 31, 2021 to the extent of records available with us in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies

Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT (Contd.)

are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

(3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the Standalone Financial Statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become

inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

Note 1 - Background and Operations

The Indian Wood Products Company Limited (the Company) is a public Company domiciled in India and was incorporated on 23rd December, 1919 under the provisions of the Companies Act, 1913. The Company was listed with The Calcutta Stock Exchange Ltd upto 11th August, 2018, as voluntary delisting permission was granted by the exchange and at present the Company is listed only with BSE Ltd. The registered office of the Company is at Bombay Mutual Building, 9, Brabourne Road, 7th Floor, Kolkata-700001 and has a head office and works at Izzatnagar, Bareilly (U.P). The Company is primarily engaged in the manufacturing of Katha in India. Registered Address of other places where manufacturing activities are carried on are disclosed suitably in this report elsewhere.

Note 2 - Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in preparation of these Financial Statements. These policies have been consistently applied to all the years presented unless otherwise stated.

The financial statements were approved by Board of Directors on 30th June, 2021.

a) Basis of Preparation:

I. Compliance with IND AS:

These Financial Statements comply in all material aspects with Indian Accounting Standards (IND AS) notified under section 133 of the Companies Act, 2013 (the Act) read with rule 4 of the Companies (Indian Accounting standards) Rules, 2015 & Companies (Indian Accounting Standards) Amendment Rules 2016. The Company adopted Ind AS from 1st April, 2017.

II. Historical cost convention:

The Financial Statements have been prepared on a historical cost basis, except for the following:

- i. Land which is revalued as on 1st April'16
- ii. ii. Certain Financial Assets and Liabilities (including derivative instruments) and contingent consideration that are measured at fair value; and

- iii. Defined Benefit Plan Assets measured at fair value;

b) Property, Plant and Equipment

Freehold land is carried at the revalued figure as per the Valuation done by the management based on circle rate of 1st April'16. All the other items of Property, Plant and Equipment are stated at cost of acquisition, less accumulated depreciation/amortisation and impairments, if any, cost of acquisition includes taxes, duties, freight and other incidental expenses related to acquisition and installation.

Indirect expenses during construction period, which are required to bring the asset in the condition for its intended use by the Company and are directly attributable to bringing the asset to its position, are also capitalized.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. All other repairs & maintenance are charged to profit or loss during the reporting period in which they are incurred.

Capital work-in-progress comprises cost of fixed assets that are not yet ready for their intended use at the year end.

Depreciation and amortization:

Depreciation is calculated using the straight-line method to allocate cost of Property, Plant and Equipment, net of residual values, over their estimated useful lives as follows:

Asset Class	Useful Life (In years)
Building	3 to 60
Plant & Machinery*	10 to 30
Electric Installations*	10 to 30
Laboratory Apparatus	10
Motor Vehicles*	8 to 10
Computers*	3 to 8
Office Equipment's*	3 to 15
Furniture and Fixtures	10

NOTES TO THE STANDALONE FINANCIAL STATEMENTS (Contd.)

*Based on management evaluation, the useful lives as given above best represent the period over which the Management expects to use these Assets. Hence, the useful lives of for these Assets is different from the useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013.

Depreciation on additions / deletions during the year is provided from the date on which the asset is capitalized up to the month in which the asset is disposed off.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in Statement of Profit and Loss within other gains/ (losses).

The Company reviews the residual values, useful lives and methods of depreciation of plant, property and equipment at each financial year end and adjusts prospectively, if appropriate.

c) Operating Cycle

All assets and liabilities have been classified as current and noncurrent as per the Company's normal operating cycle and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and time between acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

d) Financial assets:

i. Classification:

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortized cost.

ii. Measurement:

At initial recognition, the Company measures a financial

asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset.

Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

iii. Impairment of financial assets:

The Company assesses if there is any significant increase in credit risk pertaining to the assets and accordingly creates necessary provisions through Expected Credit Loss Method, wherever required.

iv. Derecognition of financial assets:

A financial asset is derecognised only when

- ✓ the Company has transferred the rights to receive the cash flows from the financial asset or
- ✓ the Company retains the contractual rights to receive the cash flows of the financial assets, but transfers substantially all the risks and rewards of the Assets.

e) Foreign Currency Transactions and Translation:

I. Functional and presentation currencies:

Items included in the Financial Statements of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The Financial Statements are presented in INR which is the functional and presentation currency for the company.

II. Transactions & Balances:

Foreign Currency Transactions are translated into the functional currency at the Exchange Rates on the date of transaction. Foreign exchange Gains and Losses resulting from settlement of such transactions and from translation of monetary assets and liabilities at the closing rates are generally recognized in the Statement Profit and Loss.

Non-monetary foreign currency items are carried at cost and accordingly the investments in shares of foreign Joint Venture are expressed in Indian currency at the rate of exchange prevailing at the time when the original

NOTES TO THE STANDALONE FINANCIAL STATEMENTS (Contd.)

investments are made or Fair Values determined.

f) Revenue Recognition

With effect from 1 April 2018, the Company has adopted IND AS 115 'Revenue from Contracts with Customers' which introduces a new five-step approach to measuring and recognising revenue from contracts with customers. Under IND AS 115, revenue is recognised on satisfaction of performance obligation at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. The Company has elected to apply the Cumulative catch up method in adopting IND AS 115. In accordance with the cumulative catch-up transition method, the comparatives have not been retrospectively adjusted. The effect on adoption of Ind AS 115 was insignificant. Applying the practical expedient as given in Ind AS 115, the Company has not disclosed the remaining performance obligation related disclosures. Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and can be reliably measured. The Company bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement

Sale of goods:

Revenue is recognized on satisfaction of performance obligation at an amount that reflects the consideration to which the Company expects to be entitled in exchange for transferring goods to a customer.

Interest income:

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of a financial liability or a financial asset to their gross carrying amount. Interest Income are included under the head "Other Income" in the Statement of Profit and Loss.

Disaggregation of revenue:

Note 27 presents disaggregated revenues from contracts

with customers for the year ended March 31, 2021 by performance obligation. The Company believes that this disaggregation best depicts how the nature, amount, timing and uncertainty of our revenues and cash flows are affected by industry, market and other economic factors.

g) Inventories:

- a. Raw Material, Stores and Spares are valued at lower of cost and net realizable value.
- b. Work-in-progress, Finished Goods are valued at lower of cost and net realizable value.
- c. Cost of work-in progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Cost of inventories also includes all other costs incurred in bringing the inventories to their present location and condition. Cost is assigned on the basis of weighted average method.

h) Trade Receivables:

Trade Receivables are recognized initially at fair value and subsequently measured at amortized cost using Effective Interest Method.

i) Trade and other payables:

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

j) Borrowings:

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost Effective Interest Method. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in Statement of Profit and Loss over the period of the borrowings.

k) Income Taxes:

Income tax expense or credit for the period is the tax

NOTES TO THE STANDALONE FINANCIAL STATEMENTS (Contd.)

payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by the changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the company operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions, where appropriate, on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the Balance Sheet method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Current and deferred tax is recognized in the Statement of Profit and Loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

l) Borrowing Cost:

Borrowing costs that are directly attributable to the acquisition or construction of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are expensed out in the Statement of Profit & Loss Account in the period in which they are incurred.

m) Employee Benefits:

i. Short term Employee benefit Expenses:

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services upto the end of the reporting and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

ii. Defined Contribution Plan - Provident fund:

Contribution to Provident fund is made at a predetermined rate and charged to revenue on accrual basis.

iii. Defined Benefit Plan - Gratuity:

Liabilities with regard to the gratuity benefits payable in future are determined by actuarial valuation at each Balance Sheet date using the Projected Unit Credit method and contributed to Employees Gratuity Fund. Actuarial gains and losses arising from changes in actuarial assumptions are recognized in other comprehensive income and the Statement of Profit and Loss in a subsequent period.

The company contributes to a Group Insurance - cum - Gratuity Scheme with Life Insurance Corporation of India towards meeting its gratuity obligation.

iv. Bonus and Production Linked Incentive:

The Company recognizes a liability and expenses for bonuses as per Bonus Act'1949. The Company also recognizes a liability and expenses for Incentive Bonuses as per agreement entered into with the worker union. The Company recognizes a provision where there is a past practice that has created constructive obligations and a reliable estimate of such obligations.

v. Leave encashment / Compensated absences:

The Company provides for the encashment of leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment / availment. The liability is provided at each

NOTES TO THE STANDALONE FINANCIAL STATEMENTS (Contd.)

Balance Sheet date on the basis of an actuarial valuation using the Projected Unit Credit method. Actuarial gains and losses arising from changes in actuarial assumptions are recognised in the Statement of Profit and Loss.

The Company contributes to a Group Leave Encashment Plan with Life Insurance Corporation of India towards meeting its leave obligation.

Re-measurements, comprising of actuarial gains and losses excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

n) Provisions and Contingent Liabilities and Assets:

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognized for future operating losses.

A contingent asset is disclosed, where an inflow of economic benefits is probable. An entity shall not recognize a contingent asset unless the recovery is virtually certain.

o) Cash and Cash Equivalents:

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-

term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

p) Impairment of Assets:

Assets are assessed by the Company at each reporting period whether there is an indication of impairment that the carrying amount may not be recoverable.

An impairment loss is recognised for the amount by which asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use.

q) Earnings Per Share:

Basic earnings per share: A basic earnings per share is calculated by dividing:

- i. the profit attributable to owners of the Company
- ii. by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year .

Diluted earnings per share: Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- i. the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- ii. the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

r) Segment Reporting:

The Company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which the customers of the Company are located.

Segment Accounting Policies:

The Company prepares its segment information in

NOTES TO THE STANDALONE FINANCIAL STATEMENTS (Contd.)

conformity with the accounting policies that are adopted for preparing and presenting the financial statements of the Company as a whole.

s) Rounding off:

All amounts disclosed in the financial statement and notes have been rounded off to the nearest Lakhs, unless otherwise stated.

t) Critical Estimates and Judgements

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Company's accounting policies. This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The preparation of the financial statements in conformity with GAAP requires the Management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent assets and liabilities as at the date of the financial statements and reported amounts of income and expenses during the period. These estimates and associated assumptions are based on historical experience and management's best knowledge of current events and actions the Company may take in future.

Information about critical estimates and assumptions that have a significant risk of causing material adjustment to the carrying amounts of assets and liabilities are:

- i. Impairment of financial assets (including trade receivable)
- ii. Estimation of defined benefit
- iii. Estimation of current tax expenses and payable
- iv. Estimation of provisions and contingencies

u) Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised.

Initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the lease term.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment.

ii) Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for

NOTES TO THE STANDALONE FINANCIAL STATEMENTS (Contd.)

terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The Company's lease liabilities are included in Interest-bearing loans and borrowings

iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases of Land & building (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same.

i. Interest Rate Risk and Sensitivity

The Company's exposure to the risk of changes in market interest rates relates primarily to the long term debt obligations with Floating rate of interest.

The following table demonstrates the sensitivity to a reasonably possible changes in interest rates on that portion of loans and borrowings affected. With all other variables remaining constant, the company's profit before tax and equity before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	Increase/ decrease in Basis points	Effect on Profit before tax	Effect on Pre tax Equity
31.03.2021	+50	(21.19)	(21.19)
	-50	21.19	21.19
31.03.2020	+50	(28.93)	(28.93)
	-50	28.93	28.93

The assumed movement in basis points for interest rate sensitivity is based on the currently observable market environment.

ii. Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities. Such foreign currency exposures are hedged by the Company.

b. Credit Risk

Credit risk is the risk that the counter party will not meet its obligation under a financial instruments or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables).

The Company extends credit to customers in normal course of business. The Company considers factors such as credit track record in the market and past dealings for extension of credit to customers. The Company monitors the payment track record of the customers and Outstanding receivables are regularly monitored.

c. Liquidity Risk

Liquidity Risk is the risk that the company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses.

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of Bank loans, Credit purchases etc.

The table below provides undiscounted cash flows towards Financial Liability into relevant maturity based on the remaining period at the balance sheet date to the contract maturity date.

47 The main Products of the Company i.e. Katha & Cutch along with its Raw Materials like Khair Wood, Katha Lugdi, Cutch Lugdi, are covered under U. P. Forest Act and a transit fee has to be paid on movement of all these items. Uttar Pradesh Government by its various amendments changed the transit fee from Rs. 38/- Per M.T to Rs. 200/- Per Cubic Meter and Subsequently 5% advolrum. Honorable Supreme Court in its interim order dated 26/04/2016, directed the Uttar Pradesh Government to collect transit fees @ 5% advolrum subject to final outcome of the case and also directed U. P. Government to keep the said amount in a separate account so that it can be paid back to the effected parties with interest @ 9% Per Annum if final order is in favour of the parties.

Subsequently Honorable Supreme Court by its final order dated 15/09/2017 directed Uttar Pradesh Government to collect transit fees @ Rs 38/- Per M.T only and refund the excess amount collected from parties along with interest @ 9% per annum.

In view of the above, an excess amount of Rs. 1000.29 lakhs paid as transit fees to the Forest Department of Uttar Pradesh is refundable with interest @ 9% per annum. The company has made necessary applications which is under process and will be accounted for as and when the company will get the refund.

48 Contingent Liabilities and Commitments

- Demand for sales tax amounting to Rs. 146.64 lacs (Rs. 146.64 lacs) which are not acknowledged as debts. Against the same company has paid under protest a total of Rs. 26.53 lacs (Rs. 26.53 lacs) included in loans and Advances and TDR of Rs. 2.64 lacs (Rs. 2.64 lacs) are deposited with the sales tax authorities.
- Mandi Samitee demand on Katha amounting to Rs. 2.38 lacs (Rs. 2.38 Lacs) has been disputed by the Company and stayed by Honorable High Court, Allahabad.
- During the FY 2017 - 18, Commissioner of Customs, Nhava Sheva had passed an Ex-Party Judgement and raised a demand of Rs. 341.78 Lacs and imposed a penalty of Rs 341.78 Lacs against a Show Cause Notice issued by the Additional Director General, Directorate of Revenue Intelligence, Kolkata in the year 2010. The said

order passed by the Commissioner being contrary to law and against the principle of natural justice, based on assumption and presumptions without any evidence on record and was not acceptable to the Company, hence an appeal was preferred by the Company before CESTAT Nhava Sheva by producing evidence of pre-deposit of Rs.40.00 lacs being 11.7% of duty demanded against the requirement of 7.5% of the duty demanded while filing the appeal. Simultaneously, (2) two of the Whole Time Directors were also made liable in the above said order on whom a penalty of Rs.15.00 lacs and Rs.10.00 lacs respectively imposed. An appeal was also preferred on their behalf and a sum of Rs.1.90 lacs was deposited by the Company and the amount is appearing in Loans & Advances account. Consequently, as per the legal advice obtained, no provision is made at this stage. Final adjustment if any will be done as and when the matter is crystalized.

- 49** As the economy and demand are gradually recovering through “new normal” from the disruption and challenges put forth by COVID-19 pandemic; the management has also taken steps to scale up its operation. Company’s production and sales figures are improving and the company expects sustainable further improvement in the time ahead. However, as a result of pandemic and lockdown the figures of current quarter and year ended are not comparable with figures of corresponding quarter and year ended. The management has assessed company’s financial position and does not anticipate any challenge in its ability to continue as a going concern including recoverability of the carrying value of its property, plant and equipment and intangible assets. The company has assessed the impact of Covid-19 pandemic on its business operations based on relevant internal and external information and will continue to do so for taking appropriate action as and when required.
- 50** For better presentation previous year’s figures have been regrouped / re-arranged wherever necessary.

Consolidated Financial Statements

INDEPENDENT AUDITOR'S REPORT

To The Members of
The Indian Wood Products Company Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated Financial Statements of **The Indian Wood Products Co Ltd** (the "Parent"), which includes its share of profit in its Joint Venture, which comprise the Consolidated balance sheet as at 31st March 2021, and the consolidated statement of Profit and Loss, Consolidated Statement of Changes in Equity, Consolidated Statement of cash flows for the year then ended, and notes to the Consolidated financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditor on separate financial statements of joint venture referred to in the Other Matters section below, the aforesaid Consolidated Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) rules 2015, as amended ('Ind AS') and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2021, and their Consolidated profit, their Consolidated total comprehensive income, their consolidated changes in equity and their cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to Note 52 to the consolidated financial statement, which describes the uncertainties and potential impact of the Covid-19 pandemic of the Group's operation and results as assessed by the management. The actual results may differ from such estimates depending upon future developments. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters ('KAM') are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The Key Audit Matters	Auditors response
<p>Revenue from Sale of Goods</p> <p>The Holding Company recognizes revenue when control of the goods is transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods. As described in the accounting policy in note 2(f) and as reflected in note 27 to the Ind AS Consolidated financial statements, revenue from sale of goods is measured at fair value of the consideration received or receivable, net of returns and allowances and trade discounts.</p>	<p>Our audit procedure includes the following:</p> <ul style="list-style-type: none"> ● Considered the adequacy of the holding company's revenue recognition policy and its compliance in terms of Ind AS 115 "Revenue from contracts with customers" ● Assessed the design and tested the operating effectiveness of the internal financial controls related to revenue recognition.

Considering the judgment and estimates involved in revenue recognition, it is considered to be a key audit matter.

- Performed sample tests of individual sales transaction and traced to sales invoices and other related documents. In respect of the samples selected, tested and the revenue has been recognized in accordance with Ind AS 115.
- We discussed and obtained an understanding from the management on the key assumptions applied and inputs used in estimating provisions for discounts, sales incentives and sales returns and compared the same with the past trends and the provision made by the management.

Assessed the relevant disclosure made in the standalone Ind AS financial statement.

We have determined that there are no other key audit matters to communicate in our report.

Other Information

The Parent’s Board of Directors is responsible for the other information. The other information comprises the information included in Parent Company’s Annual report but does not include the financial statements and our auditor’s report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor’s report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management and Those Charged with Governance for Consolidated Financial Statements

The Parent’s Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act,

2013 (“the Act”) with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group including its Joint Venture in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group and of its Joint Venture are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its Joint Venture are responsible for

assessing the ability of the Group and of its Joint Venture to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its Joint venture are responsible for overseeing the financial reporting process of the Group of its Joint venture.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)

(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its Joint Venture to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its Joint Venture to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance

regarding, among other matters, the planned scope and timing of the audit and significant audit findings including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements of a foreign Joint Venture, whose financial statements reflect total assets of Rs. 2856.78 lakhs as at 31st March 2021 and total revenues of Rs. 8330.14 lakhs for the year ended on that date, as considered in the consolidated financial statements. The consolidated annual financial results include the Company's share of net profit of Rs. 175.46 lakhs and Company's share of other comprehensive income of Rs. 11.36 lakhs and company's share of total comprehensive income of Rs. 186.82 lakhs for the year ended March 31, 2021, as considered in the consolidated financial statements, in respect of one joint venture, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect

of the joint venture and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid joint venture is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditor.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on the separate financial statements of the joint venture referred to in the Other Matters section above we report, to the extent applicable that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditor.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- (d) In our opinion, the aforesaid Consolidated Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act read with relevant rules issued thereunder.
- (e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on

record by the Board of Directors of the Parent, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.

- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Parent Company and the operating effectiveness of such controls and since the Parent Company has only one Joint Venture that has been incorporated outside India, no further reporting needs to be done and the report on internal financial controls over financial reporting under clause (i) of sub-section 3 of Section 143 of the Act of the standalone financial statements fulfils the requirement.
- (g) With respect to the matter to be included in the Auditor's Report under section 197(16)

In our opinion and according to the information and explanation given to us, the remuneration paid by the Parent Company to its directors during the current year is in accordance with the provisions of section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under section 197 (16) which are required to be commented upon by us.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of

the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Parent Company and its Joint Venture has disclosed the impact of pending litigations on its financial position in its Consolidated Financial Statements – Refer Note No.- 51
- ii. The Parent Company and its Joint Venture did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There has been no delay in transferring the amounts required to be transferred to the Investor Education and Protection Fund by the Parent Company.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

1. Corporate Information

The Consolidated financial statements comprise financial statements of **The Indian Wood Products Company Limited** (“the Parent Company”) and its joint ventures (collectively referred to as “the Group”) for the year ended 31st March 2021. The Group is primarily engaged in the manufacturing of Katha, processed Gambier and trading of spices.

2. Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in preparation of these Consolidated Financial Statements. These policies have been consistently applied to all the years presented unless otherwise stated.

The Consolidated Financial Statements were approved by Board of Directors on June 30, 2021.

a) Basis of Preparation:

I. Compliance with IND AS:

These Consolidated Financial Statements comply in all material aspects with Indian Accounting Standards (IND AS) notified under section 133 of the Companies Act, 2013 (the Act) read with rule 4 of the Companies (Indian Accounting standards) Rules, 2015 & Companies (Indian Accounting Standards) Amendment Rules 2016. The Company adopted Ind AS from 1st April, 2017.

II. Historical cost convention:

The Consolidated Financial Statements have been prepared on a historical cost basis, except for the following:

- i. Land which is revalued as on 1st April'16
- ii. Certain Financial Assets and Liabilities (including derivative instruments) and contingent consideration that are measured at fair value; and
- iii. Defined Benefit Plan Assets measured at fair value;

b) Principal of Consolidation and Equity Accounting Joint Venture

Interests in joint ventures are accounted for using the equity method (see below), after initially being recognized at cost in the consolidated balance sheet.

Equity Method

Under the equity method of accounting, the investments are initially recognized at cost and adjusted thereafter to

recognize the group's share of the post-acquisition profits or losses of the investee in consolidated profit and loss, and the group's share of other comprehensive income of the investee in consolidated other comprehensive income.

c) Property, Plant and Equipment

Freehold land is carried at the revalued figure as per the Valuation done by the management based on circle rate of 1st April'16. All the other items of Property, Plant and Equipment are stated at cost of acquisition, less accumulated depreciation/amortisation and impairments, if any, cost of acquisition includes taxes, duties, freight and other incidental expenses related to acquisition and installation. Indirect expenses during construction period, which are required to bring the asset in the condition for its intended use by the Company and are directly attributable to bringing the asset to its position, are also capitalized.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. All other repairs & maintenance are charged to profit or loss during the reporting period in which they are incurred.

Capital work-in-progress comprises cost of fixed assets that are not yet ready for their intended use at the year end.

Depreciation and amortization:

Depreciation is calculated using the straight-line method to allocate cost of Property, Plant and Equipment, net of residual values, over their estimated useful lives as follows:

Asset Class	Useful Life (In years)
Building	3 to 60
Plant & Machinery*	10 to 30
Electric Installations*	10 to 30
Laboratory Apparatus	10
Motor Vehicles*	8 to 10
Computers*	3 to 8
Office Equipment's*	3 to 15
Furniture and Fixtures	10

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Contd.)

*Based on management evaluation, the useful lives as given above best represent the period over which the Management expects to use these Assets. Hence, the useful lives of for these Assets is different from the useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013.

Depreciation on additions / deletions during the year is provided from the date on which the asset is capitalized up to the month in which the asset is disposed off.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in Statement of Profit and Loss within other gains/(losses).

The Company reviews the residual values, useful lives and methods of depreciation of plant, property and equipment at each financial year end and adjusts prospectively, if appropriate.

d) Operating Cycle

All assets and liabilities have been classified as current and noncurrent as per the Company's normal operating cycle and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and time between acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

e) Financial assets:

i. Classification:

The Company classifies its financial assets in the following measurement categories:

- a. those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- b. those measured at amortized cost.

ii. Measurement:

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that

are directly attributable to the acquisition of the financial asset.

Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

iii. Impairment of financial assets:

The Company assesses if there is any significant increase in credit risk pertaining to the assets and accordingly creates necessary provisions through Expected Credit Loss Method, wherever required.

iv. Derecognition of financial assets:

A financial asset is derecognised only when

- ✓ the Company has transferred the rights to receive the cash flows from the financial asset or
- ✓ the Company retains the contractual rights to receive the cash flows of the financial assets, but transfers substantially all the risks and rewards of the Assets.

f) Foreign Currency Transactions and Translation:

I. Functional and presentation currencies:

Items included in the Financial Statements of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The Financial Statements are presented in INR which is the functional and presentation currency for the company.

II. Transactions & Balances:

Foreign Currency Transactions are translated into the functional currency at the Exchange Rates on the date of transaction. Foreign exchange Gains and Losses resulting from settlement of such transactions and from translation of monetary assets and liabilities at the closing rates are generally recognized in the Statement Profit and Loss.

Non-monetary foreign currency items are carried at cost and accordingly the investments in shares of foreign Joint Venture are expressed in Indian currency at the rate of exchange prevailing at the time when the original investments are made or Fair Values determined.

g) Revenue Recognition

With effect from 1 April 2018, the Company has adopted IND AS 115 'Revenue from Contracts with Customers'

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Contd.)

which introduces a new five-step approach to measuring and recognising revenue from contracts with customers. Under IND AS 115, revenue is recognised on satisfaction of performance obligation at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. The Company has elected to apply the Cumulative catch up method in adopting IND AS 115. In accordance with the cumulative catch-up transition method, the comparatives have not been retrospectively adjusted. The effect on adoption of Ind AS 115 was insignificant. Applying the practical expedient as given in Ind AS 115, the Company has not disclosed the remaining performance obligation related disclosures. Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and can be reliably measured. The Company bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

Sale of goods:

Revenue is recognized on satisfaction of performance obligation at an amount that reflects the consideration to which the Company expects to be entitled in exchange for transferring goods to a customer.

Interest income:

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of a financial liability or a financial asset to their gross carrying amount. Interest Income are included under the head "Other Income" in the Statement of Profit and Loss.

Disaggregation of revenue:

Note 27 presents disaggregated revenues from contracts with customers for the year ended March 31, 2021 by performance obligation. The Company believes that this disaggregation best depicts how the nature, amount, timing and uncertainty of our revenues and cash flows are affected by industry, market and other economic factors.

h) Inventories:

- a. Raw Material, Stores and Spares are valued at lower of cost and net realizable value.
- b. Work-in-progress, Finished Goods are valued at lower of cost and net realizable value.
- c. Cost of work-in progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Cost of inventories also includes all other costs incurred in bringing the inventories to their present location and condition. Cost is assigned on the basis of weighted average method.

i) Trade Receivables:

Trade Receivables are recognized initially at fair value and subsequently measured at amortized cost using Effective Interest Method.

j) Trade and other payables:

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

k) Borrowings:

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost Effective Interest Method. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in Statement of Profit and Loss over the period of the borrowings.

l) Income Taxes:

Income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by the changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the company operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions, where

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Contd.)

appropriate, on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the Balance Sheet method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Current and deferred tax is recognized in the Statement of Profit and Loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

m) Borrowing Cost:

Borrowing costs that are directly attributable to the acquisition or construction of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are expensed out in the Statement of Profit & Loss Account in the period in which they are incurred.

n) Employee Benefits:

i. Short term Employee benefit Expenses:

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services upto the end of the reporting and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

ii. Defined Contribution Plan - Provident fund:

Contribution to Provident fund is made at a predetermined rate and charged to revenue on accrual basis.

iii. Defined Benefit Plan - Gratuity:

Liabilities with regard to the gratuity benefits payable in future are determined by actuarial valuation at each Balance

Sheet date using the Projected Unit Credit method and contributed to Employees Gratuity Fund. Actuarial gains and losses arising from changes in actuarial assumptions are recognized in other comprehensive income and the Statement of Profit and Loss in a subsequent period.

The company contributes to a Group Insurance - cum - Gratuity Scheme with Life Insurance Corporation of India towards meeting its gratuity obligation.

iv. Bonus and Production Linked Incentive:

The Company recognizes a liability and expenses for bonuses as per Bonus Act'1949. The Company also recognizes a liability and expenses for Incentive Bonuses as per agreement entered into with the worker union. The Company recognizes a provision where there is a past practice that has created constructive obligations and a reliable estimate of such obligations.

v. Leave encashment / Compensated absences:

The Company provides for the encashment of leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment / availment. The liability is provided at each Balance Sheet date on the basis of an actuarial valuation using the Projected Unit Credit method. Actuarial gains and losses arising from changes in actuarial assumptions are recognised in the Statement of Profit and Loss.

The Company contributes to a New Group Leave Encashment Plan with Life Insurance Corporation of India towards meeting its leave obligation.

Re-measurements, comprising of actuarial gains and losses excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

o) Provisions and Contingent Liabilities and Assets:

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or where any present obligation

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Contd.)

cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognized for future operating losses.

A contingent asset is disclosed, where an inflow of economic benefits is probable. An entity shall not recognize a contingent asset unless the recovery is virtually certain.

p) Cash and Cash Equivalents:

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

q) Impairment of Assets:

Assets are assessed by the Company at each reporting period whether there is an indication of impairment that the carrying amount may not be recoverable.

An impairment loss is recognised for the amount by which asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use.

r) Earnings Per Share:

Basic earnings per share: A basic earnings per share is calculated by dividing:

- i. the profit attributable to owners of the Company.
- ii. by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

Diluted earnings per share: Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- i. the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- ii. the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

s) Segment Reporting:

The Company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which the customers of the Company are located.

Segment Accounting Policies:

The Company prepares its segment information in conformity with the accounting policies that are adopted for preparing and presenting the financial statements of the Company as a whole.

t) Rounding off:

All amounts disclosed in the financial statement and notes have been rounded off to the nearest Lakhs, unless otherwise stated

u) Critical Estimates and Judgements

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Company's accounting policies. This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The preparation of the financial statements in conformity with GAAP requires the Management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent assets and liabilities as at the date of the financial statements and reported amounts of income and expenses during the period. These estimates and associated assumptions are based on historical experience and management's best knowledge of current events and actions the Company may take in future.

Information about critical estimates and assumptions that have a significant risk of causing material adjustment to the carrying amounts of assets and liabilities are:

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Contd.)

- i. Impairment of financial assets (including trade receivable)
- ii. Estimation of defined benefit
- iii. Estimation of current tax expenses and payable
- iv. Estimation of provisions and contingencies

v) Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the lease term.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment

ii) Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the

exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The Company's lease liabilities are included in Interest-bearing loans and borrowings

iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases of Land & building (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized over the lease term on the same.

44 Financial Risk Management Objectives and Policies

The Company's financial liabilities comprise loans, Trade and other payables. The main purpose of these financial liabilities is to finance the Company's operation. The Company's principal financial assets include Investments, loans, Trade and other receivables and cash and cash equivalents that derive directly from its operations. The Company is exposed to market risk, credit risk and liquidity risk. The Company regularly assess these risks, monitor, evaluate and deploy mitigation measures to manage the risks within risk appetite. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

a. Market Risk

Market risk is the risk that the fair value of future cash flows of a financial assets will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowing, investments, trade receivables etc.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Contd.)

i. Interest Rate Risk and Sensitivity

The Company's exposure to the risk of changes in market interest rates relates primarily to the long term debt obligations with Floating rate of interest.

The following table demonstrates the sensitivity to a reasonably possible changes in interest rates on that portion of loans and borrowings affected. With all other variables remaining constant, the company's profit before tax and equity before tax is affected through the impact on floating rate borrowings, as follows: (₹ in lakhs)

Particulars	Increase/ decrease in Basis points	Effect on Profit before tax	Effect on Pre tax Equity
31.03.2021	+50	(21.19)	(21.19)
	-50	21.19	21.19
31.03.2020	+50	(28.93)	(28.93)
	-50	28.93	28.93

The assumed movement in basis points for interest rate sensitivity is based on the currently observable market environment.

ii. Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities. Such foreign currency exposures are hedged by the Company.

b. Credit Risk

Credit risk is the risk that the counter party will not meet its obligation under a financial instruments or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables).

The Company extends credit to customers in normal course of business. The Company considers factors such as credit track record in the market and past dealings for extension of credit to customers. The Company monitors the payment track record of the customers and Outstanding receivables are regularly monitored.

c. Liquidity Risk

Liquidity Risk is the risk that the company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses.

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of Bank loans, Credit purchases etc.

The table below provides undiscounted cash flows towards Financial Liability into relevant maturity based on the remaining period at the balance sheet date to the contract maturity date.

50 The main Products of the Company i.e. Katha & Cutch along with its Raw Materials like Khair Wood, Katha Lugdi, Cutch Lugdi, are covered under U. P. Forest Act and a transit fee has to be paid on movement of all these items. Uttar Pradesh Government by its various amendments changed the transit fee from Rs. 38/- Per M.T to Rs. 200/- Per Cubic Meter and Subsequently 5% advolrum.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Contd.)

Honorable Supreme Court in its interim order dated 26/04/2016, directed the Uttar Pradesh Government to collect transit fees @ 5% advolrum subject to final outcome of the case and also directed U. P. Government to keep the said amount in a separate account so that it can be paid back to the effected parties with interest @ 9% Per Annum if final order is in favour of the parties. Subsequently Honorable Supreme Court by its final order dated 15/09/2017 directed Uttar Pradesh Government to collect transit fees @ Rs 38/- Per M.T only and refund the excess amount collected from parties along with interest @ 9% per annum.

In view of the above, an excess amount of Rs. 1000.29 lakhs paid as transit fees to the Forest Department of Uttar Pradesh is refundable with interest @ 9% per annum. The company has made necessary applications which is under process and will be accounted for as and when the company will get the refund.

51 Contingent Liabilities

- a) Demand for sales tax amounting to Rs. 146.64 lacs (Rs. 146.64 lacs) which are not acknowledged as debts. Against the same company has paid under protest a total of Rs. 26.53 lacs (Rs. 26.53 lacs) included in loans and Advances and TDR of Rs. 2.64 lacs (Rs. 2.64 lacs) are deposited with the sales tax authorities.
- b) Mandi Samitee demand on Katha amounting to Rs. 2.38 lacs (Rs. 2.38 Lacs) has been disputed by the Company and stayed by Honorable High Court, Allahabad.
- c) During the FY 2017 - 18, Commissioner of Customs, Nhava Sheva had passed an Ex-Party Judgement and raised a demand of Rs. 341.78 Lacs and imposed a penalty of Rs 3,41.78 Lacs against a Show Cause Notice issued by the Additional Director General, Directorate of Revenue Intelligence, Kolkata in the year 2010. The said order passed by the Commissioner being contrary to law and against the principle of natural justice, based on assumption and presumptions without any evidence on record and was not acceptable to the Company, hence an appeal was preferred by the Company before CESTAT Nhava Sheva by producing evidence of pre-deposit of Rs.40.00 lacs being 11.7% of duty demanded against the requirement of 7.5% of the duty demanded while filing the appeal. Simultaneously, (2) two of the Whole Time Directors were also made liable in the above said order on whom a penalty of Rs.15.00 lacs and Rs.10.00 lacs respectively imposed. An appeal was also preferred on their behalf and a sum of Rs.1.90 lacs was deposited by the Company and the amount is appearing in Loans & Advances account. Consequently, as per the legal advice obtained, no provision is made at this stage. Final adjustment if any will be done as and when the matter is crystalized.

52 As the economy and demand are gradually recovering through “new normal” from the disruption and challenges put forth by COVID-19 pandemic; the management has also taken steps to scale up its operation. Company’s production and sales figures are improving and the company expects sustainable further improvement in the time ahead. However, as a result of pandemic and lockdown the figures of current quarter and year ended are not comparable with figures of corresponding quarter and year ended.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Contd.)**

The management has assessed company's financial position and does not anticipate any challenge in its ability to continue as a going concern including recoverability of the carrying value of its property, plant and equipment and intangible assets. The company has assessed the impact of Covid-19 pandemic on its business operations based on relevant internal and external information and will continue to do so for taking appropriate action as and when required.
